

We are living in an unprecedented time filled with worry about our physical health and our financial wellbeing. During times of great uncertainty, it is important to stay calm and focus on the things we can control. Gaining an understanding of how to manage money, learning about the economy and the market, and being informed about options and innovations can help young people feel more secure and adaptable as they look to the future.

We have compiled a list of helpful resources, including some newly released guided activities from our partner, [Launch Generation](#).

STARTING STRONG (CHILDREN)

[Money Metropolis](#): children explore a multi-dimensional world, earning and making life decisions that will affect whether their bank accounts shrink or grow.

[Piggy Bank Adventure](#): digital Disney theme park which allows both kids and their parents to learn about the importance of wise financial planning, smart investing, and saving in the simple and interesting way.

[Moonjar](#): This book and creative piggy bank introduce kids to the concepts of saving, spending, and sharing.
